MEMORANDUM FOR THE CHAIRMAN, INTELLIGENCE INFORMATION HANDLING  
COMMITTEE

SUBJECT: Draft Revision of DCID 1/16

1. This is an interim response to your memorandum ICS 87-4105, 18 Aug 87, subject as above.

2. We have reviewed the eighth revision and find a number of welcome improvements. However, we cannot adequately assess the draft, including potential problems and adverse impacts, and fully respond within the timeframe you requested. Specifically, we require additional time to fully coordinate our comments and recommendations on this draft in light of the magnitude, nature and extent of the changes from the currently effective DCID; the very substantial number of worldwide systems and networks under our security cognizance that are potentially affected by the draft's provisions; and, the implication that this is to be the last coordination of the draft prior to forwarding to the DDCI for approval.

3. We estimate that our response will be provided to you within 2 weeks. Our point of contact on this matter is  telephone 373-3040.

FOR THE DIRECTOR:

Assistant Deputy Director  
for DoDIIS Engineering
